

# **Shivom Infraprojects Private Limited**

A Legacy of Crafting Finest Infrastructural Solutions

# Executive Summary

Shivom Infraprojects Private Limited, formerly known as Shivam Suppliers, is a pioneering company with a rich history of delivering top-notch infrastructural solutions. Our journey began with modest undertakings, and today we are proud of the value we have created for our nation through numerous successful projects. Our commitment to excellence, integrity, and innovation continues to drive our growth and success.

The background image shows a close-up of several people's hands and arms working on a large table covered with architectural blueprints. A bright yellow hard hat sits prominently in the upper center. One person's hand is holding a pencil, poised to draw on the plans. Another hand is visible near a yellow and black measuring tape. The scene is dimly lit, with the primary light source highlighting the hands and the documents.

# Company Profile

Shivom Infraprojects Private Limited is dedicated to providing exceptional infrastructural solutions across various sectors. Our company is structured to ensure optimal performance, with specialized units for design, planning, and execution. Our team comprises over 65 skilled engineers and numerous professionals who are united by a passion for their work and a shared set of core values.

# Core Business Areas

# Leadership

## Message from the Director

"I am pleased to introduce you to Shivom Infraprojects Private Limited. Our vision is to become a Centre of Excellence, comparable to the best in India, by producing result-oriented projects with leadership in technology, innovation, and management. Our journey, which started with modest undertakings, has led us to contribute significantly to our country through hundreds of projects. We are committed to honest, ethical, and professional dealings with all our partners and stakeholders. Our true strength lies in our efficient team, united by passion and core values, committed to making maximum contributions to our country's economy."

— **Rajesh H. Goriya**

I want to openly admit that our dreams, our ambitions and our targets are so high that whatever efforts and hard-work we put in will be less! Whatever we will achieve, will turn out to be a miniature and small when compared with final goal !

— **Vipul H. Goriya**

# Strengths and Capabilities

**Management Expertise:** Our management team has extensive knowledge and experience in handling various contracts, ensuring smooth project execution.

**Engineering Excellence:** With a team of over 65 specialized engineers, we excel in design and planning, delivering innovative solutions.
